Dear Speaker Johnson,

My name is James Hoft and I am the Publisher and Editor for The Gateway Pundit, which can be found at [www.thegatewaypundit.com](http://www.thegatewaypundit.com).

Since 2004, we have provided conservative news, views, and commentary on national politics and breaking news. I am currently the lead Plaintiff in Missouri v. Biden, a critical case involving the future of the First Amendment to the U.S. Constitution as it relates to the government's official suppression of media outlets and dissenting views.

I am contacting you to share my concern after learning from multiple congressional offices that The Gateway Pundit is being banned and suppressed by the United States Congress.

We have been told by a House IT specialist that the firewall installed on the computers blocks webpages that are deemed "unauthorized" by the House Admin Office.

I ask that you please investigate this matter to determine how this ban came into effect and request that you resolve this matter by removing the ban.

We respect your time, and we appreciate the work you are doing on behalf of the American people.

Thank you for your time and attention to this important matter.

Sincerely,

James Hoft  
Publisher  
The Gateway Pundit
